

Training Academy RENOLIT PVC Membrane Springfield, MO (August 20-23, 2025)

Rely on it.

Our 4-day academy is designed to provide a comprehensive, hands-on training experience, covering all aspects of planning, preparation, pricing and installation of RENOLIT PVC membranes.

Pricing: \$1,500 per person

Key Features of our Training:

- **Welding Techniques:** Master new and essential welding methods.
- **Equipment & Tools:** Hands-on training with industry-specific tools.
- **Hands-On Practice:** Daily practical sessions to apply learned skills.
- **Surface Preparation:** Essential steps for optimal adhesion and durability.
- **Quoting & Planning:** Estimate costs, plan jobs, and manage materials efficiently.

Heat Up The Welders!

3-Step Installer Certification Process

Step 1: Attend Our 5-Day Training (Standalone Introductory Course)

This initial training is a comprehensive, independent session. Your first pool install will build on this foundation.

Step 2: You must show us your completed pool preparation work before Step 3 is scheduled.

Step 3: Complete Your First Pool Installation with Oversight.

Oversight options:

- A) Remote oversight (preferred if possible) – Rely on photos, videos, FaceTime etc. during install to answer questions and troubleshoot issues. Full debrief before filling pool to inspect seams and details of installation.
- B) Invite trainer on-site. Trainer is not there to do the work, but provide guidance, tips, and pointers to achieve a successful install. Fee is \$650/day plus travel and lodging. This is typically 4 days.

AGENDA

Day 1 – Renolit, PVC Membrane, Equipment, Weld Types: Hands-On Welding

Location: 1859 E. St. Louis St., Springfield, MO 65802

- 8:30 AM – Arrival at warehouse. Donuts and coffee provided.

- Tennis shoes preferred (No hard sole boots that can mark the membrane)

Sample Product:

- Each trainee/team will receive a complete sample set and professional package (1-2 per company).

LEAD TRAINER FOR EVENT

A3P's installer training events will be led by All3 Pools' Sales Engineer, Kenny Quigley, a certified RENOLIT installer. Our CEO, Aaron King—also a certified RENOLIT installer—will present the renovation and retrofitting section of the course. Plus, Matt Sands from RENOLIT will be attending. Additional A3P team members will be on hand to assist and provide instruction throughout the event.

RENOLIT's Matt Sands

OUR PLEDGE

Your success is essential to the growth of this business line, and we are fully committed to providing ongoing support and education. As a Renolit installer, you can count on us every step of the way—we'll help you learn the process, accurately order the right amount of membrane and materials, and navigate any installation or resurfacing project. We're also here to offer guidance on bids and customer sales to help you succeed. Additionally, we aim to support you through YouTube videos that highlight the areas where we have trained and certified installers, showcasing Renolit products and helping you build your expertise to attract more customers.

AUGUST 20-23, 2025
TRAINING ADDRESS:
1859 E. St Louis
Springfield, MO 65802

WAREHOUSE TRAINING

Join us for our next Renolit PVC Membrane Training at our Springfield warehouse! This hands-on training event is designed to equip installers with the skills needed for professional PVC membrane installation. Attendees will rotate through dedicated training stations to practice welding techniques, measure, cut, and layout materials, and calculate material requirements for a successful installation.

AIRPORT

Springfield-Branson National Airport (SGF) - 18 minutes from SGF to our warehouse.
